RADIAL® CHAIN BY SCC

RADIAL® CHAIN LT BY SCC

The "original" cable chain for cars & light trucks

Radial Chain was originally conceived to save sidewall wear on radial tires and was the first brand name in "cable chain" winter traction products. Its consumer friendly features caused a revolution in winter traction, and it's still recognized as a market leader.

Radial Chain LT is today's basic product for the pickup, van & recreational vehicle market. Radial Chain LT can be installed in minutes and removed easily. Radial Chain and Radial Chain LT utilize an all-metal fastening system.

Chain tighteners SHOULD NOT be used.

- **Simple mounting and removal due to its low weight.**
- **Improved starting, stopping and cornering performance.**
- **All-steel construction for long service life and smooth ride.**
- **Low operating space requirements around drive tires for passenger sizes.**

Radial Chain (Passenger)

Meets S.A.E. Class "S" Requirements

STOCK #	❖Partial listing of tire sizes	Weight per pair (Lbs.)
